- Adjustable or fixed drop heights
- Capture spillage and direct to drain

SPECIFICATION
- PET 250ml - 3L
- Max Drop Height: 1.8M
- Min Drop Height: 640mm
- Dimensions: 68cm x 68cm x 218cm (W x B x H)
- Max container diameter: 160mm
- Max container height: 400mm

The Somex Drop Tester introduces repeatability to PET package drop testing. In accordance with the ISBT requirements, packages can be dropped at heights of up to 1.8M from the vertical or horizontal position. The impact plate is the required 12mm Stainless Steel, any spillage is captured and directed to drain. The unique design permits the bottles to bounce. A hinged door is provided for easy retrieval of samples. Drop heights can be fixed (specified at time of order) or flexible drop height is also available.
